The Financial Conduct Authority (FCA)

The FCA is the independent watchdog that regulates financial services. We are required to give you this document, use this information to decide if our services are right for you.

Which products do we offer?

- We offer consumer finance products.

We WILL NOT **act as independent financial advisors**, advise on or recommend to you any guaranteed asset protection, critical illness or income protection products. If you feel you have a need for this type of insurance you should contact an Independent Financial Advisor.

Whose products do we offer?

We can introduce you to a limited number of finance providers who may be able to finance your purchase, including JCB Finance Ltd, our preferred supplier of finance facilities. Details are available on request.

Can we give independent financial advice?

No, we are not independent financial advisors and so we are unable to provide you with independent financial advice.

What will you have to pay us for this service?

No fee is payable for our services, however, a lender will usually reward us for introducing you to them.

Because of our exclusive relationships with chosen finance partners, these offers / products may, in some circumstances, not be the best financing option available to you in the open market, and you are encouraged to consider this prior to proceeding with us. We do not search the whole market or all potential funding routes. For customers requiring finance we can introduce you to a small number of carefully selected credit providers who may be able to offer you different finance products to suit your needs, subject to assessment of your personal circumstances. You are not obliged to use these finance products which may have different interest rates and charges. We do not charge a fee for our services but a lender we introduce will typically provide us with a commission for the work that we do, which is a fixed amount depending on the amount borrowed or a percentage of the amount you borrow. Where the lender is JCB Finance, we will receive a commission, and these commission arrangements are beneficial to us. For agreements dated December 2024, we will receive a commission from JCB Finance which is a tiered flat fee that is based on the value of the finance agreement and the method of quotation, capped at £4,000 per customer in a calendar year per supplying dealer. For agreements dated January 2025 and onwards, we receive a flat fee of £50 plus basic rate tax and employer National Insurance contributions for each JCB machine on the finance agreement. The lenders we work with will pay us commission at different rates and the amount of commission we receive from a lender is not an additional fee that you will have to pay and does not affect the amount you pay under your finance agreement.

What service will we provide you with?

We will ask you questions that will help decide which finance products to provide information on; should you require information on all finance products we offer please request this.

We will require you to advise us on how you wish to proceed.
